Environmental Impact Meeting Held

The Environmental Impact Meeting, that is a necessary requirement in securing the Federal and State Grant for the Expansion of Antioch Sewage treatment center was held on Wednesday night, June 13.

The meeting was held as a public hearing in order to provide information and answer questions of all interested parties in regard to the slated sewer expansion.

There were no objections to the plant voiced at the meeting. Village Engineer Frank Angeletti, who had drawn up the

original plans for the expansion as well as the revised plans, addressed the Board and audience on the physical layout of the plant. He explained the workings of the plant.

Village Clerk, Marilyn Sterbenz, brought the group up to date on financial aspects of the plant. She covered the total picture explaining the finances if Antioch is to receive the State and Federal Grants or if they are to go ahead on their own traveling on a revenue board.

Mayor Robert Wilton wrap-

ped up the presentation by summarizing the overall picture. He discussed aspects of whether or not the Village will go ahead on their own or whether they should wait and go with the County.

Furthermore, Wilton explained that Antioch has received a variance they requested. The variance is from Rule 404(f) of the Water Pollution Regulations which limits discharges of BOD to 4 mg/l and suspended solids to 5 mg/l subsequent to December 31st, 1973. The Agency believes that this implicitly includes a variance from Rule 407(b), limiting phosphorus discharge to 1 mg/l and rules 921(d) and 1002(a) respecting project completion schedules.

The Pollution Control Board has recommended that in consideration of the high quality of Antioch's present effluent, a six month variance be granted.

Antioch will not know if they have received the State and Federal Grants until July 1st. Since the expansion is so badly needed, the Village previously elected to open for bids so that they would be prepared to go ahead on their own if the grants are denied.

ANTIOCH'S POPULATION COUNTED

The U.S. Department of Commerce, Bureau of Census has recently announced that the population of Antioch has increased by approximately 446 persons. This figure is based on the census that was conducted in April of 1970 and June of 1973. The population of Antioch has now reached 3,635 compared to 3,189 in 1970.

While this figure is preliminary and subject to review, it is believed to be substantially correct. If you live in Antioch and have not been recently counted be-sure to fill out the form in last weeks paper or inform Marilyn Sterbenz, the Village Clerk, at the Village Hall.

The Village Board voted unanimously to support Officer Harold Mason in the Civil Suit Case he is involved in at their regular monthly meeting on Monday, June 18th.

Officer Mason was one of four defendants in a civil suit case. Two of the other defendants were police officers from Fox Lake and one was a former Deputy from the Lake County Sheriff's Department. The men were charged with the alleged violation of Ronald Hopper's Civil Rights under the Federal Civil Rights Act. Hopper was seeking \$50,000 from each defendant in the \$200,000 suit.

During the second day of trial, Judge Abraham Lincoln Marovitz, of the Federal District Court in Chicago, entered into negotiations agreements and awarded \$7,500 in damages to Ronald Hopper on a voluntary agreement basis, each defendant paying \$2,250.

The other three defendants agreed to pay the settlement, but a problem set in when Antioch's Insurance Company refused to make the payment.

The insurance company contended that Officer Mason was not guilty of any wrong doing. At the time of the incident, January, 1972, when Ronald Hopper was allegedly beaten by police officers, Officer Mason was cleared of any wrong doings after investigation by the Lake County State's Attorney's Office. He was given lie detector tests, etc. On this basis the

Insurance Company asked that the trial be continued and did not choose to agree to the settlement on a voluntary basis.

However, the Village Attorney, Andrew Lynch did not agree with the Insurance Company's course of action and advised the Board to agree to the settlement and pay the \$2,250. The Board then voted unanimously to pay the settlement to satisfy the judgement and to see that the proper releases for Officer Mason were secured.

Lynch further told the Board that it would not be advisable not to pay the settlement when the other three had already agreed to do so. He also mentioned the fact that there is another suit pending against former Antioch Chief of Police Jack Davis, and the former Sgt. Pett and an Officer from the Lake County Sheriff's Department involving an alleged false arrest.

"What problems might occur in this suit are not clear at this time. We are going to review the Village Insurance Policy to see what is covered and what is not. We plan to check for gaps in order to protect the Village and its employees", Lynch said.

Following the decision, Chief of Police Jack Wells, addressed the Board and thanked them for their decision to back up Officer Mason.

Wells, said, "Well, I am going to go now and tell him (Officer Mason) before he eats his fingernails off over this."

Members of the Committee shown here are (l to r): Gigi Spittle, Trustee Bill Seemann, Marsha Starcevic, Bruce Bartosz, Chairman Cliff Houghton, Pat Lorenz and Eunice Mueller. Also on the Committee is Dick Kessler. The Committee has not yet made any recommendations to the Village Board (Staff Photo).

PLANNED USE OF FUNDS REPORT

Mayor Robert C. Wilton today announced that the Village of Antioch plans to spend the expected \$30,349.00 in general revenue sharing funds allocated for the first six months of 1973 on the following items:

Environmental Conservation
Public Safety
Recreation Culture
A detailed account of the Village of Antioch's planned use of revenue sharing funds will appear in the Antioch Reporter

on June 14, 1973. Records documenting the plan are open to public inspection at the Village Hall, 874 Main St., Antioch, Illinois. Publication of such a plan, in addition to a subsequent actual use of funds report, is required by the State and Local Fiscal Assistance Act of 1972, which authorized revenue sharing.

Mayor Robert C. Wilton further estimated that approximately \$50,000.00 will be devoted to additional projects. He added that the effect of revenue sharing on local taxes is too soon to predict.

General revenue sharing is a \$30.2 billion, five-year program which returns a portion of federal taxes to state and local governments. The unique feature of the program is that it allows state and local officials to decide how their jurisdictions funds are to be spent within broad federal guidelines.

LAKE COUNTY RECEIVES ADDITIONAL REVENUE SHARING

The U.S. Treasury Department has notified Lake County that the latter will receive an additional sum of over \$800,000 for the County's share of Revenue Sharing for the entitlement years 1972 and 1973.

This additional amount of over \$400,000 per year, is the result of a claim by the County that the formula for allotting Revenue Sharing Funds be re-evaluated.

Under the direction of the County's Financial and Administrative Committee, the formula for determining Revenue Sharing was recomputed through the Data Processing Department, resulting in a claim against the U.S. Treasury Department for additional funds. The Treasury Department has agreed that Lake County's formula is correct.

HOPING FOR THE RIGHT DECISION

The Antioch Planning Commission is faced with a critical decision that to a great degree holds the key to its successful operation and to the future well-being of Antioch. They need a Comprehensive plan and they need it now in order to pave the way for successful growth in Antioch.

It shouldn't come as a surprise to anyone that Antioch has been growing by leaps and bounds for the last couple of years and that it will continue to do so at even a greater rate during the next five years. It can not be allowed to grow haphazardly with catastrophe looming in the future. Rather, it should be a carefully planned growth. We need proper zoning in all areas based on soils, location, etc., we need to know where our flood plains are and what the transportation will be like if Antioch has a population explosion. Much more than all of this, we need an adequate and functional planned Urban Development Ordinance, that will not fall to pieces if it should be tested in court.

Unfortunately, before Antioch will be able to secure any of these valuable tools for the future, they need a comprehensive plan from which to draw all of the necessary and critical information from. For instance, they cannot go ahead with zoning, when they do not have base maps of the area, or soils maps, or if they don't know where the flood plains are precisely located.

Foreseeing the need for such a Comprehensive Plan, the Planning Commission signed a contract with the Lake County Regional Planning Commission in January of 1972 to draw up the needed plans, which were to take 10 months to complete. One and a half years later these plans still are not completed. The County has completed the base maps and have now begun to work on some of the other aspects of the study, but they have been faced with one delay after another. Granted the delays have not been willful and the work that has been completed has been up to par, but can we really wait any longer?

The County Commission is now understaffed, over-loaded and waiting for some kind of direction from the new director, who has not taken office yet. At the last Planning Commission meeting the representative from the Lake County Regional Planning Commission told our Commission that

SOME FACTS ABOUT THE PLANNING COMMISSION

Much has been said about the Antioch Planning Commission, but unfortunately many are unaware of its purpose and function.

A new Ordinance for the Establishment of the Planning Commission was passed at the Village Board meeting on May 21st. In it were some new revisions concerning the membership and the term of office. The Ordinance will soon be published in leaflet form, but until that time here are four of the most important sections of the Ordinance, which governs the Planning commission.

They include: Section, the Purpose; Section 2, the Membership; Section 3, Term of Office; and Section 6, Powers and Duties.

SECTION 1: PURPOSE. In order that adequate provisions be made for the preparation of a comprehensive Village plan for the guidance, direction and control of the growth and development of the Village of Antioch, a Plan Commission, which shall be a department of the village government, is hereby created under authority of an act of the General Assembly of the State of Illinois entitled "The Illinois Municipal Code", Laws 1961, p. 576, and effective July 1, 1961 and as amended.

SECTION 2: MEMBERSHIP. (a) Said Plan Commission shall consist of ten (10) members including a chairman appointed by the Mayor on the basis of their particular fitness for their duty on said Plan Commission, and subject to the approval of the Village Board of Trustees. (b) Said members shall reside within the corporate limits of the Village of Antioch or within territory contiguous to the Village and not more than one and one-half miles beyond said corporate limits and not included within any other municipality.

SECTION 3: TERM OF OFFICE. Five of the members shall serve for a period of four (4) years and five members shall serve for a period of two (2) years. Thereafter, all appointments shall be for a period of four (4) years. Vacancies shall be filled by appointments for unexpired terms only. Members shall receive \$10.00 per meeting, except no member shall receive more than \$20.00 in any one month.

SECTION 6: POWERS AND DUTIES. Said Plan Commission shall have the following powers and duties:

A. To prepare and recommend to the Village Board of Trustees of Antioch, a comprehensive plan of public improvements, looking to the present and future development and growth of said Village. Such a plan after its adoption by the Village Board of Trustees will

be known as the official plan of Antioch.

Such plan shall include reasonable requirements in reference to streets, alleys and public grounds within the corporate limits and in contiguous territory outside of and distant not more than one and one-half miles from such limits, and not included in any municipality, such requirements to be effective whenever such lands shall be subdivided after the adoption of such plan.

B. To prepare and recommend to the Village Board of Trustees of Antioch from time to time, such changes in the plan or any part thereof as may be deemed necessary by the Village Board of Trustees or by the Plan Commission.

C. To prepare and recommend to the Village Board of Trustees from time to time, plans and/or recommendations for specific improvements in pursuance of such official plan.

D. To give aid to the officials of the Village of Antioch, charged with the direction of projects for improvements embraced within the official plan, to further the making of such improvements, and generally promote the realization of the official plan.

E. To arrange and conduct any form of publicity relative to its activities for the general purpose of public understanding.

F. To cooperate with municipal or regional planning commissions and other agencies or groups to further the local planning program and to assure harmonious and integrated planning for the area.

G. To exercise such powers germane to the powers granted under authority of an act of the General Assembly of the State of Illinois entitled "The Illinois Municipal Code", Laws 1961, p. 576, effective July 1, 1961 and as amended, as may be conferred by the Village Board of Trustees of Antioch.

HAVE AN INTERESTING SUMMER ?????

Are you a student who is now on Summer vacation? If you are and you have an interesting summer job or know of anybody who has an interesting job, please give the Antioch News a Call at 395-5592 and let us know about it!

they could not possibly give a completion date. And when asked if it could be another two years, the response was, "sure".

Considering the track record of the Lake County Planners it can be asked, does Antioch really have a choice? Even though an independent planning firm will entail a greater cost, they will also be able to give us a reasonable deadline, and isn't it worth it? The Planning Commission is now interviewing independent planners and it is sincerely hoped that this is the road they will elect to take.

Letters to the Editor on any current issues are welcome. Only letters with names can be considered for this column. Signatures will be withheld on request. Letters cannot be returned and are subject to minor editing.

AREA LIFEGUARDS BUSY AT WORK

Kerry Shute looks over the pool while life guarding at Vacation Village. Kerry is just one of many students who are employed as a life guard throughout the area. (Staff Photo)

Lifeguards in Life Boats are a familiar sight at Cedar Lake, in Lake Villa. There are usually two life boats patrolling the water while one life guard remains on shore. (Staff Photo)

ADMINISTRATIVE SALARIES ANNOUNCED

Administrative Salaries were set at the Tuesday, June 12, Grade School Board meeting. This process is carried through once a year as salaries are set forth in an annual contract. There has been an average increase of 6 percent on the salary amounts.

The salaries that were set are as follows: Mr. Harland Ware, Principle of the Antioch Grade School, \$17,000; Mr. Ronald Marten, Principle of the Oakland Grade School, \$15,600; Mr. Walter Soderman, who is a part time teacher, part time principle of the Channel Lake Grade School, \$15,000; Mr. Bill Herbst, principle of the Antioch Upper Grade School, \$18,000; Mr. Sam Kohr, who is the Business Manager of the schools, \$18,400; Mr. Robert Horton, who is the Supervisor of the Building and Grounds for all of the schools, \$15,500.

The Board accepted the resignation of Nancy Doughty, who had been director of the learning center for the past three years. They also accepted the resignation of Mrs. Ellen Eisenhauer, a second grade teacher at the Antioch Grade School. A new teacher was hired for the Department of Language Arts, she is Susan Campagna.

Preview of the tentative five year building plans was postponed until the next meeting, since all of the Board members could not be present.

at Tuesdays meeting.

The Board authorized the payment of \$9,742 for two chassis' that were constructed for the two new buses. The buses are now in the body shop and are scheduled to be completed in time for the upcoming school year.

The bids for tires were reviewed and the bid went to Al's Citgo in Antioch for the amount of \$1,803. Some 33 tires are needed by the schools to replace worn ones and to comply with the Tire Safety Standards.

MEETING ANNOUNCEMENT

The regular meeting of the Lake County Area Vocational Center Board of Control will be held Friday, June 22, 1973, 10:00 a.m., in room A904, County Building, Waukegan, Illinois.

CORRECTION

CORRECTION TO HIGH SCHOOL SUMMER SCHOOL
Announcement published last week. Art will be available if enough students are interested. It is not necessary that all desire the same course, beginning or advanced, since instruction will be on an individual basis as well as outdoor instruction whenever weather permits. Register NOW.

In this third week of June with the hot weather filling our days, hundreds of lifeguards have emerged from their winter hideouts. Most of them are students, who have put aside their school books in favor of the sun and water.

The lifeguard's celebrated job isn't actually as glorious as the Coppertone commercials lead you to believe. There is a big responsibility attached to the job and that is to safeguard the lives of all those in the water.

The lifeguard does not make triumphant mad dashes into the water anymore, as they did in the silent pictures of so many days gone by. Rather, they try to avoid rescuing anyone from the water, while they themselves are actually in the water.

At Cedar Lake, in Lake Villa, the Life Guards paddle around in small life boats and all rescuing is done from the boats. Watching over the swimmers in Cedar Lake are: Chuck Kleffner, of Grayslake, a student at Grayslake High, John Fasano, of Round Lake, who attends Teachers College in North Dakota, and John Kleffner, of Lindenhurst, who has only been out of the Army since last weekend.

Kerry Shute, a 1973 graduate of Antioch High is also spending her summer lifeguarding. For Kerry, lifeguarding is a full-time job as she works nearly 44 hours a week at Vacation Village in Fox Lake. Kerry applied for the job through the High School and after a successful interview, was hired.

She did not land the job on

charm alone, rather Kerry was backed up with a Life Guard certification from the Red Cross, which she earned at the Antioch Aqua Center during the summer of 1971. She works on a rotating basis, rescuing from 9 a.m. to 5 p.m. one day and from 5 p.m. to 10 p.m. the next day.

Life boats are not used at Vacation Village, and Kerry is not stationed in a special area, rather she said they use the "leisure technique" and just sit around the side of the pool. The method is very effective as many a distressed swimmer, who has been pulled into the side of the pool can tell you.

While enjoying her work, Kerry can also tell you a story about a touch of sun poisoning. This Fall when her duties at Vacation Village have been completed, Kerry will be attending Northern Illinois University in DeKalb.

Alana Nelson, also a graduate of Antioch High and a resident of Lake Villa is spending her summer life guarding at Vacation Village too.

Meanwhile, back home in Antioch, there are many students busy at work at the Antioch Aqua Center.

Kim Klopp, 15, a Junior at Antioch High has been busy attending the concession stand at the pool, and she is an expert when it comes to the operation of the radar oven, popsicles, and candy bars. She works about 30 hours a week and the part she likes best about her job is "Working around people".

This is Kim's second year at the pool, last year she helped teach swimming lessons.

Cathy Moore, a 1972 graduate of Antioch High is spending her first summer at the pool. She

commented on how crowded the pool has been during the first two weeks of the season and said that she hasn't had to rescue anybody yet.

Karen Schlesner, a 1970 Antioch High graduate and now a student at ISU in Normal, has returned for her second year of life guarding at the pool. At school she is a Physical Education major.

There are many more students from this area who are working as life guards this summer and obviously it is not possible to get to them all. But they all deserve a hand and a lot of credit for the responsibility they bear and for a job well done.

SPECIAL BOARD MEETING

The Antioch School Board, District No. 34, will have a Special Board of Education Meeting, June 25, 1973 at 7:30 p.m. in the Board of Education Room at the Antioch Upper Grade School, 800 Highview Drive, Antioch, Illinois; for the following expressed purposes:

To approve final payment of bills and salaries for fiscal year 1972-73.

Milk bids for 1973-74.

This Special Meeting is called by:

"A REFLECTION OF OFFICIAL PRIDE WITH A MOTHER'S GRATEFULNESS"

As I have sat in my village office through the years the sound of a wailing siren calling for help has often sent shivers down my spine and I silently offer up a little prayer for the person in distress. I recall during football season, I used to look at the clock when I knew my boys were out on the field and breathe a sigh of relief when the squad would turn the other way rather than toward the high school.

On Friday afternoon my worst fear was realized when I heard the siren and the call came through to me that they were going to Loon Lake for my teen-age daughter, Lynne, who had run into a pier while water skiing and they feared her leg was broken.

After following the Rescue Squad into the emergency room at the hospital, my anxiety was eased when I saw my daughter and the expert care that squad members, Dave Heath, Mike Haley and Brad Ipsen had given. During the course of emergency room X-rays and

procedure, three professional hospital personnel, including the x-ray technician, remarked about the extremely professional manner with which the leg splint had been put on. My personal thanks go to the men on that call, but my knowledge of past performances of Rescue Squad members, tells me that it could have been any combination of other members of the squad and the same professional help and compliments from hospital staff personnel would have been forthcoming.

While I write this with a

mothers gratefulness, I point with official pride to an organization that our entire community should reflect, once in a while, on how lucky we are to have these dedicated men around, **ESPECIALLY WHEN WE NEED THEM.**

MARILYN J. STERBENZ
VILLAGE CLERK

P.S. Lynne will be in traction for six weeks at Victory Memorial Hospital, Room 593, if anyone would like to send her a card to shorten her stay. Thank you.

LAKE REGION HOMEMAKERS

concluded the meeting with a talk on, "How Your county works for you." The members were told about the units new officers workshop that was attended by our newly elected officers. The women discussed plans for their June 20th meeting that will be held at the home of Mrs. Phyllis Drije at 7:00 p.m. Mrs. Marge Poulis and Mrs. Peggy VanPatten will co-hostess.

This August many homemakers from the state of Illinois will again enjoy camping at the 4-H camp in Monticello, Ill. Here they will exchange craft and hobby ideas. A relaxing time for many a busy homemaker.

SELECTIVE SERVICE SYSTEM

Mr. Dean S. Sweet, Director of Selective Service for Illinois, is deeply concerned over the many violations of the Military Selective Service Act of 1971. In particular, he is concerned with those men who are, in increasing numbers, failing to register with the Selective Service System.

The Military Selective Service Act requires that men, upon attaining the age of 18 years, register on the anniversary of their date of birth or within the period of 60 days commencing 30 days before their 18th birthday. Those who register late may be reported to the United States Attorney for possible prosecution.

Mr. Sweet further stated that he believes that the majority of the violations have occurred due to the misunderstandings that have arisen since the end of the war in Vietnam and the many announcements that no further induction calls would be issued. "The elimination of induction calls has in no way affected a young man's responsibility to register with the Selective Service System," he said, and encouraged all men to register on time to avoid future legal problems.

Registration may be accomplished at the Selective Service Local Board Office located at 213 Water Street, Waukegan, Ill. between 8:00 a.m. to 4:15 p.m. Monday thru Friday. Please bring with you a copy of your Birth Certificate at the time of registration.

70 YEARS AGO JUNE 17, 1903

Born to Mr. and Mrs. Joe Yopp, Grass Lake, a baby girl June 11. Horse thieves seem to be aboard in the land as a result, Ed Wells had a horse taken from his pastures last week.

50 YEARS AGO JUNE 21, 1923

I will open my cider mill located on the old Roger Farm West of Lake Villa on Wednesday. S.R. Dibble, antioch. Willard Chinn has purchased a new Chevrolet Coupe.

20 YEARS AGO JUNE 18, 1953

Antioch Postmaster Roy I. Kufalk received official word confirming the advancement of Antioch post office from 2nd class to 1st class. Major changes will be a decrease in the size & weight of parcels accepted for mailing, and an increase in the rental of lock boxes, the first since 1907.

Miss Eleanor Horton, daughter of Mr. and Mrs. Earl Horton, was honored at a bridal shower given June 9th by Mesdames Betty Horton and Helen Keisler.

10 YEARS AGO JUNE 20, 1963

Mrs. Robert Gross was installed as president of St. Peter's Altar & Rosary Society by Rev. Alfred J. Henderson. Also installed were Mrs. Ed. Abderholden as secretary and Mrs. George Palaske as treasurer.

Postmaster Roy Kufalk announced today that everyone in Antioch will use the 5 digit zip code, 60002, on all their correspondence to speed mail deliveries and reduce chance of mis-sent mail.

SUMMER '73 MID-AMERICA SHOW

Looking for something to do on a summer afternoon? Something the whole family can enjoy?

The Mid-America Air Show, scheduled for Sunday, June 24, at the Campbell Airport in Grayslake, qualifies on both counts.

The big day, which is the leadoff event of Summer '73, a giant fun festival sponsored by the Libertyville Chamber of Commerce and the Condell Memorial Hospital Auxiliary, will be ideal entertainment for the entire family. And Campbell Airport is a short drive from anywhere in Lake County.

There's plenty of room for parking thousands of cars and lots of room for your family or friends to spread a blanket and enjoy a leisurely lunch while pilots of the Mid-America Air Show perform feats you thought impossible for an airplane.

You'll see them in their specially-built aircraft flying inverted while only a few feet off the ground, only to right themselves and shoot straight up into the air at improbably angles.

You'll see three or more

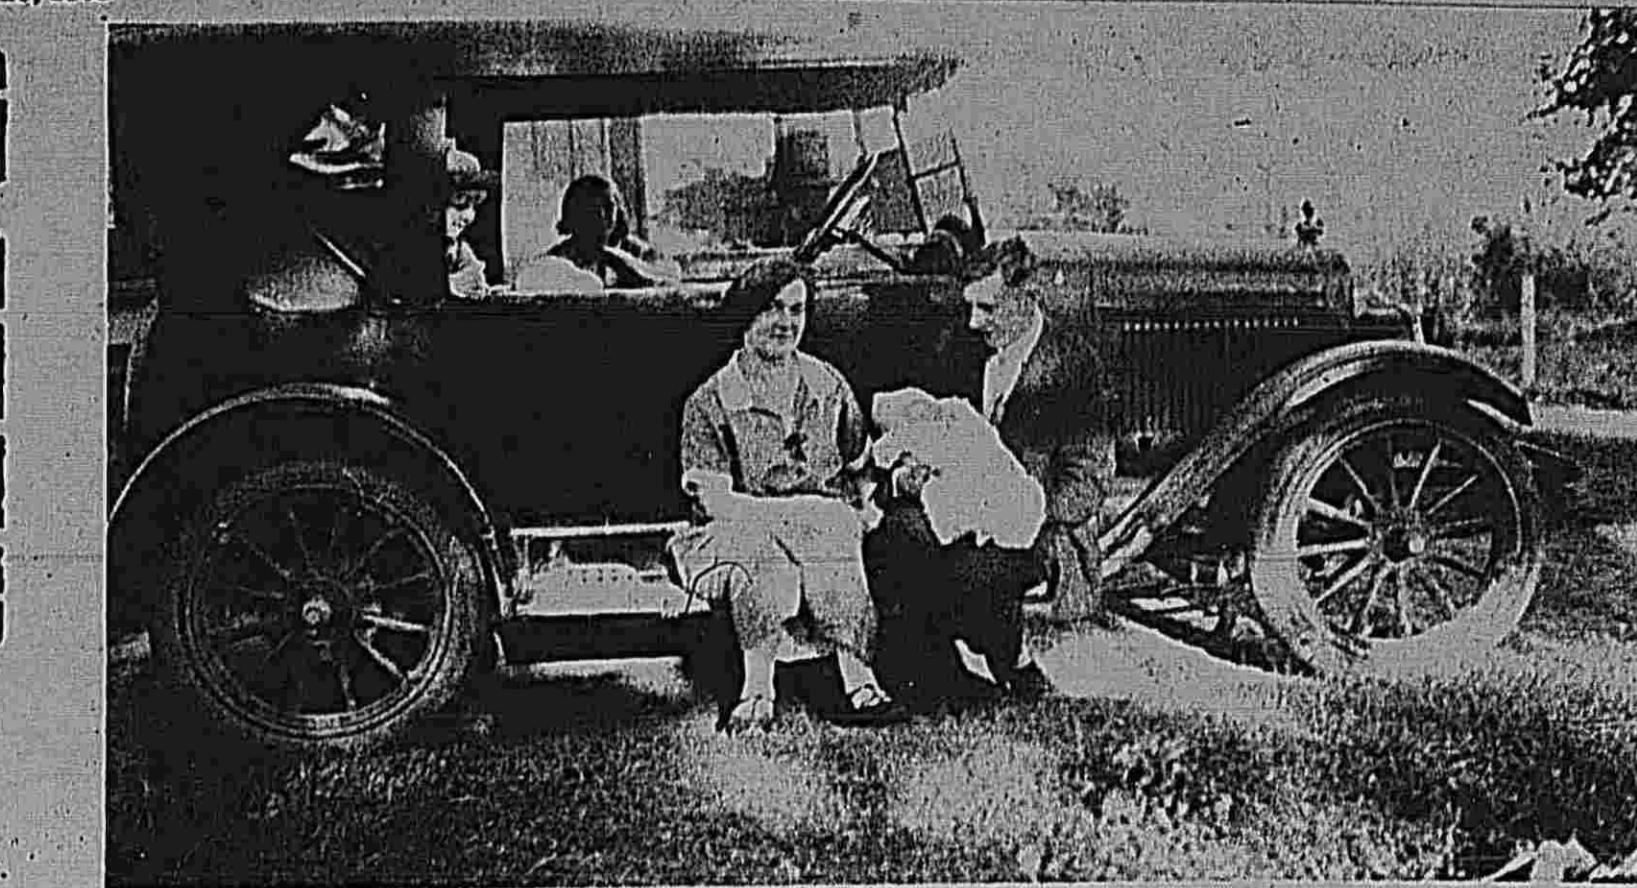

planes flying within inches of each other's wingtips perform a series of maneuvers that will have you believing the same pilot is flying each plane.

You'll see four, eight, twelve and even sixteen-point "rolls", the back-breaking inverted roll and "hammerheads", in which the pilot takes his plane straight up-and then straight down.

The Mid-America Air Show is a nationally-famous troupe, consisting of several national champion pilots who in their spare time fly the big passenger aircraft for such as TWA and United Airlines.

The air show will begin June 24 with an exhibition of experimental and antique aircraft. One such aircraft is the "Breezy", which gets its name from its design, which is, to say the least, wide open. There are no doors and, in fact, no cockpit, but it is a favorite with adventurous pilots nonetheless.

There will also be a special added military attraction. Doug Pearson's Warbirds will treat the audience to a fly-over and

REMEMBER WHEN

REMEMBER WHEN? We don't, but we know that all it takes sometimes is a little reminder to jerk a memory and bring back recollections of those days gone by. Each week we print an old photo submitted by an Antioch resident. Some we will be able to identify. For others, we leave it to you to search your own mental scrapbook. Call us if you can identify a photo. Better yet, if you have a memorable photo to share, bring it in to the office.

Mr. and Mrs. Casper Legnar of Rte 1, Antioch are pictured sitting by their 1924 automobile with one of their children.

ANTIOCH MENTAL HEALTH ASSOCIATION MEETS

A meeting of the Antioch Mental Health Association was held June 13 when a check for \$2,778.00 was received by the treasurer from the Cotillion Dance Committee. A total of 344 tickets were sold and this year's profits were the highest ever achieved. It has been decided that this money will be spent to furnish the Physical Therapy room of the new Residence wing of Grove School.

It was decided to pay \$500.00 tuition to Augustana College on behalf of an Antioch boy who has a severe speech defect. This scholarship will afford him a six week course in concentrated speech therapy while he is living at the College.

Be sure to look for the Mental Health Association's booth at the up-coming Arts & Crafts Fair sponsored by the Chamber of Commerce. It will be set up right in front of the Thrift Shop and will feature new and used items both from the shop and donated by association members. Thanks to the Antioch Community the Thrift Shop took in over \$1,000.00 in sales in the month of May. All of this money

is used to help people with emotional or physical needs. This year alone, \$7,000.00 has been donated to Grove School. The Association wishes to

thank this community for the continued support of its projects. Our mutual efforts will provide much help for the many people less fortunate than ourselves.

OUR STARS * * * CHEVY & OLDS * * * WILL SATISFY ALL YOUR TOMORROWS.

CHEVROLET & OLDSMOBILE, INC.
ANTIOCH, ILL. 395-3600

(Week of June 22-28)

ARIES (March 21-April 20): Break away from routine this week. Entertain friends or go to a party. Romance cycle is high. Mid-week favorable for financial gains, household improvements. Best days: Friday, Wednesday.

Taurus (April 21-May 20): Moon in your sign stresses hard work, caution. A little tact can avoid tension with friends and loved ones over weekend. Excellent period for creative project which could lead to greater recognition among associates. Best days: Monday, Thursday.

GEMINI (May 21-June 21): Follow your own intuition in money matters, personal affairs. Your judgement is usually sound. Co-workers could prove most cooperative in new enterprise or assignment. Your self-reliance impresses others. Best days: Saturday, Tuesday.

CANCER (June 22-July 21): A quiet period during which you can reflect on goals and long-cherished ambitions. Friends may be critical, but take it in your stride. Plans made now can be carried out with optimism. Best days: Wednesday, Thursday.

LEO (July 22-Aug. 22): Social activities favored over weekend. An excellent time to repay a relative's visit or visit friends. An acquaintance could be the key to a new job opportunity. Watch grooming to make a good impression. Best days: Saturday, Thursday.

VIRGO (Aug. 23-Sept. 22): Shopping for clothes, gifts favored during weekend. Avoid social engagements which really don't interest you. Friends and family can be demanding at times, but your easy-going personality can save the day. Best day: Wednesday.

LIBRA (Sept. 23-Oct. 22): Favorable signs for financial and family relationships. Be alert for opportunity to improve income and heed counsel of an older friend or relative in business matters. Excellent period for visiting with family member you haven't seen lately. Best days: Wednesday, Thursday.

SCORPIO (Oct. 23-Nov. 22): Changes in routine at work or in personal life indicated. A cooperative attitude can help you adjust. Romantic problems fade away. Possibility of heightened social contact through church or civic projects. Best days: Sunday, Monday.

SAGITTARIUS (Nov. 23-Dec. 21): A trying period is coming to a close. Try to get along with superiors and co-workers and don't let minor irritations upset you. A good time for entertaining. Persons born under your sign are especially compatible with Aries, Leo and Aquarius. Best day: Monday.

CAPRICORN (Dec. 22-Jan. 20): Your stubborn streak could generate hostility. Show more consideration toward family, friends. You can get what you want without upsetting others. Financial improvement indicated. Best days: Wednesday, Thursday.

AQUARIUS (Jan. 21-Feb. 18): Jupiter is still influencing your sign, indicating strong possibility of career and financial gains. Take advantage of your original ideas to convince superiors you can handle greater responsibility. Social affairs favored this week. Best days: Tuesday, Wednesday.

PISCES (Feb. 19-March 20): Enjoy weekend recreational activities, but don't get overtired. Health could be a problem if you fail to display moderation. Trips, vacations and outdoor activities favored. Best days: Saturday, Sunday.

SAT. 10-5

American Legion Auxiliary

At the June 10th meeting of the Second Division Convention, many honors were conferred on members of the 10th District. Legionnaires met at the Gurnee American Legion Home, with Rene Jackson, North Chicago, 2nd Division Commander, conducting their confab. Auxiliary members were at the Warren Township High School Auditorium, where Mrs. Ray Rathmann, Antioch, 2nd Division President, was in charge of the proceedings.

In the division Americanism essay contests, Mrs. Joseph Hogue of Waukegan, division Americanism chairman, presented personal gifts to Patrick Flanigan, Lake Forest, Class I winner; and to Eugene Schuldes Barrington, Class II winner. The Class III winner, Mary Dixon from Pecatonica, was unable to be present. Her essay won a third place in state competition.

Mrs. Richard Brown and Mrs. Norman Holt, both of North Chicago, were first with their narrative Americanism report, on the district and unit levels, respectively. Mrs. Holt, who had done a great deal of work with the POW-MIA bracelets, also won a first in the state with her narrative report.

In the Auxiliary Emergency Fund program, Mrs. Howard Vaught of Mundelein, received a Citation for the best report of 10th District's activities.

Division Chaplain Mrs. Edward Jahnke, Antioch, presented a Citation of Appreciation to each of the four district chaplains for their excellent reports. This award included Mrs. Logan Kennedy, Baxter Evans Unit, 10th District Chaplain.

Under the foreign relations program, Mrs. William Schultz, North Chicago, division chairman, reported that over \$1,100.00 was contributed to the CARE Community Center for Chinese refugees in Hong Kong which is being built with the aid of the American Legion Auxiliary.

Division membership chairman Mrs. Ray Rathmann gave gifts to the four district presidents, Two of the districts, 10th and 12th, already over 100 percent in membership, with the 11th and 13th districts close to their goal.

In the division publicity press book contest, the 10th District Press Book, compiled by Mrs. Jahnke, was the first place district-winner, and the Mendota Unit Book, compiled by Mrs. Grace Dempsey, was first in unit book competition. These books are now entered into state competition.

Distinguished guests during the morning session included Lake County Sheriff Orville Clavey; Richard Welton, Mayor of Gurnee and Rene Jackson, Division Commander.

Mrs. Jean Keehn, Libertyville, received an award for her 100 percent national security report of 10th District's achievements.

Kevin Uhlmeyer, a Junior member from Zion-Benton Unit, won a first prize in the state competition with her poppy corsage.

High praise went to the Lake Zurich Unit who has sold the largest amount of veteran craft articles - nearly \$3,000.00 worth.

A white cross on a white tablecloth, with red poppies climbing the cross, and a large

poppy centerpiece with white and gold candles (gold for the deceased gold star members) was the setting for the memorial service held by division chaplain, Mrs. Jahnke. The 10th, 11th, 12th and 13th District Presidents participated in this ceremony for 240 deceased members. Mrs. Ray Suzzi, Highwood, sang two solos: "In the Garden" and "How Great Thou Art", and was accompanied by Mrs. Thomas Watters, Grayslake, as pianist.

After the turkey and ham luncheon at the Gurnee American Legion Home, an entertaining skit was shown for everyone's enjoyment.

Guest of honor at the afternoon session were Mrs. Victor W. Lello, Chicago, Department President; and Mrs. Ann McManus, Chicago, a Past Department President.

After the election of division officers, their installation was held. Installing officers was Mrs. Lello, installing chaplain, Mrs. McManus; and installing sergeant-at-arms, Mrs. Lee Powell of Wheaton. Mrs. Jerome Murphy of Aurora was installed as the 2nd Division President; Mrs. Harry Aschan, Rockford, Division Vice President; Mrs. Lee Wolfe, Rock Falls, Division Treasurer; Mrs. Herbert Gleason, Libertyville, Division Historian; Mrs. Charles Olmsted, La Salle, Division Sergeant-at-Arms; and Mrs. Joseph Hogue, Waukegan, Division Assistant Sergeant-at-Arms.

On behalf of the Antioch American Legion Auxiliary, Mrs. Frank Kennedy presented a gift to Mrs. Rathmann in recognition of her fine year as division president. Mrs. Rathmann's husband, Ray, gave her a gift and her daughter, Susan, Division page, presented her with her press book. Mrs. Victor Jovanovitch of Ottawa, Division Parliamentarian, pinned the past division president's pin on Mrs. Rathmann.

Attending this division convention from Antioch, were Mrs. Earl Horton, Mrs. Frank Kennedy, Mrs. Jahnke, Mrs. Rathmann and her daughter, Susan.

ROYAL NEIGHBORS

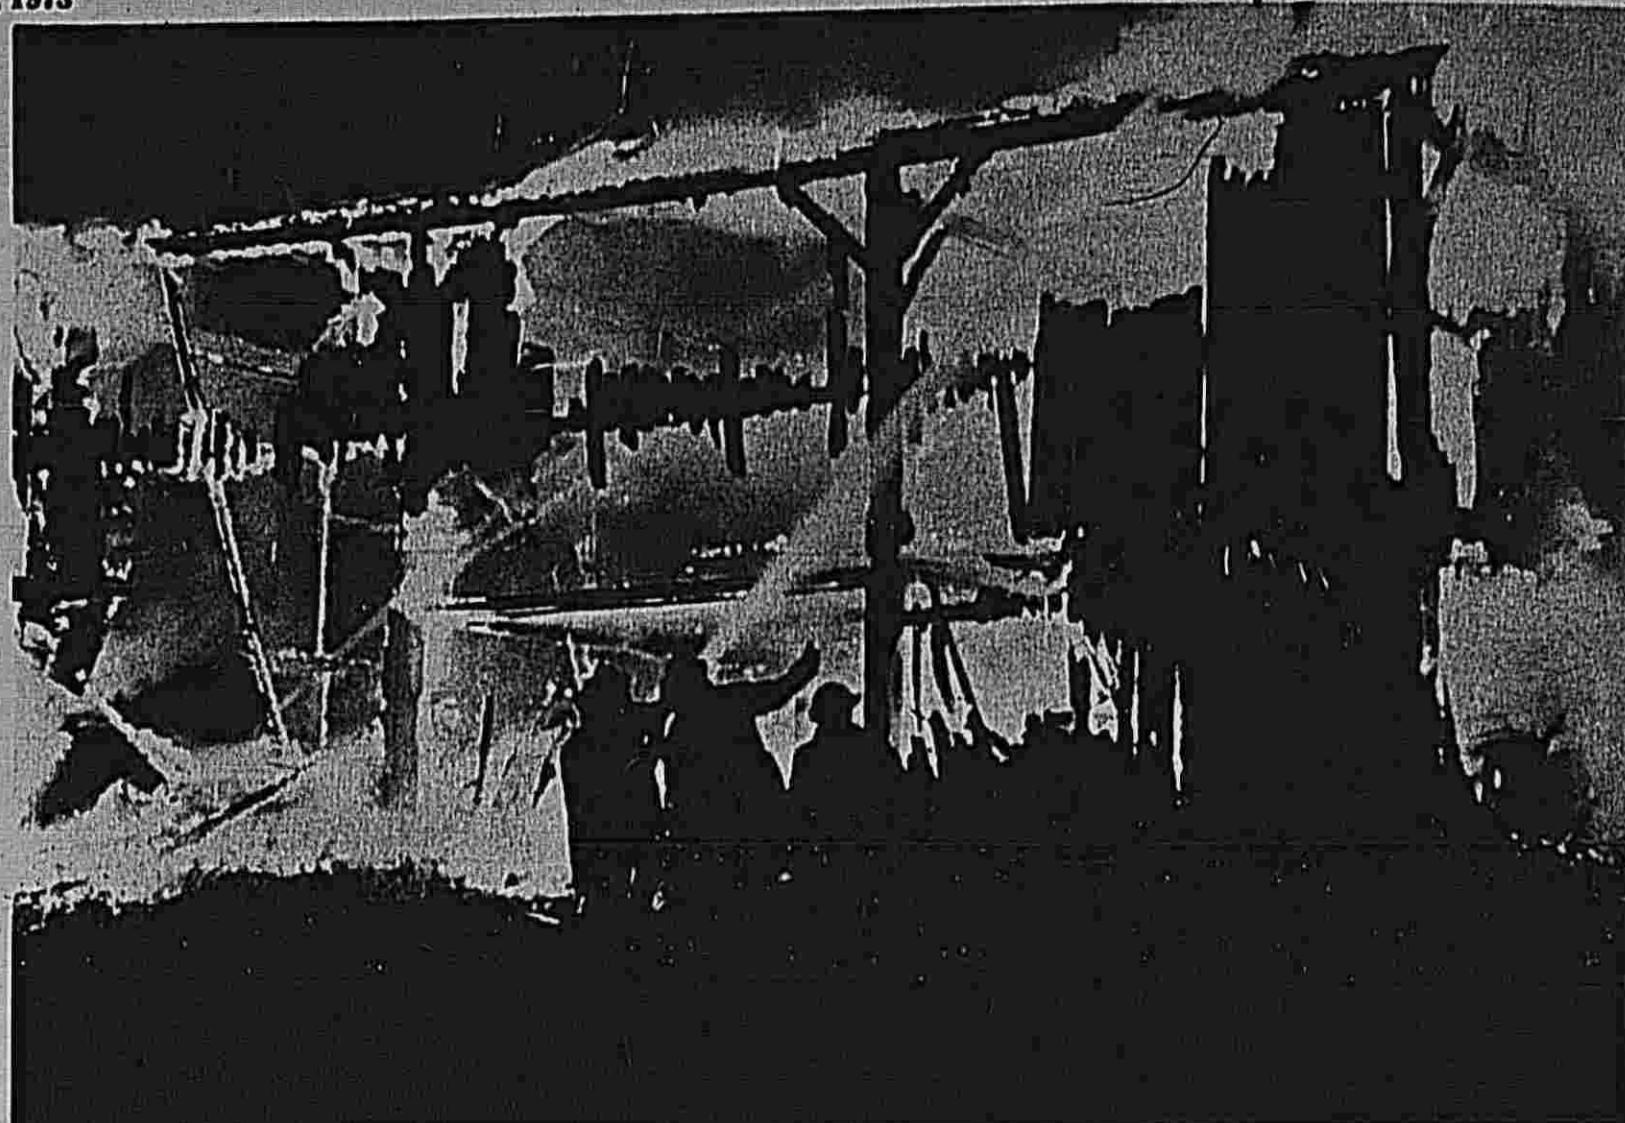

HOLD PARTY FOR

MYRTLE DELANY

On June 12, 1973 the Royal Neighbors met at the American Legion Hall. A short meeting was held. Eva Fields will audit books at the home of Laura Thayer. There will be only two meetings during the months of July and August. July 10 and August 28th. So members kindly mark your calendars accordingly.

A Farewell Party was held for Myrtle Delany as she is going to Australia. A beautiful travel gift was given to her by her many friends at the Royal Neighbors. She thanked everyone and promised she would bring many stories back from Australia to tell us.

Ellen Flint and Lillian Hand were on the kitchen committee and everyone enjoyed the goodies they served. Next meeting will be June 26th.

The arsonist, who set fire to the storage barn which burned to the ground causing \$8,000 worth of damage, has been apprehended by the Kenosha County Sheriff's Department, after setting a second fire to a barn in Trevor. (Photo by Dietrich Kiemle)

ARSONIST APPREHENDED

William G. Westerkamp, of Chicago, has been taken into custody by the Kenosha County Sheriff's Department after having confessed to starting a barn fire on Rte. 83 in Antioch on Sunday, June 10th and to a barn in Trevor, Wisconsin on June 12th. Both barns burned to the ground.

Arthur Wertz, of Antioch, was a major help in apprehending

the arsonist. Mr. Wertz is the son-in-law of Ted Ozga, who owned the storage barn that burned in Antioch. He was at the fire and observed Westerkamp who looked like he was thoroughly enjoying the fire. When Wertz became aware of the fire on Pollywog Road in Trevor the following Tuesday he immediately went to the scene of the fire and again

observed Westerkamp. Mr. Wertz then notified the authorities and a warrant for Mr. Westerkamp's arrest was sent out.

Westerkamp, who is 24, told the authorities that he was on vacation in the area. He had never been arrested before. Further investigation and sentencing is pending.

LAKESIDE REBEKAH LODGE NO. 82

When "Friends' Night" was hosted by the Lakeside Rebekah Lodge, at a recent meeting held in the Antioch American Legion Home, a unique and amusing game was played after their many guests were honored and the business session was held. All the ladies who had wedding pictures brought them, and the winner was the person who could identify the most pictures. Then, an artificial bridal bouquet was thrown to the single ladies present, and a Miss Gloria Bier of Libertyville caught it! Guests were there from Antioch, Crystal Lake, Highland Park, Libertyville and Waukegan, Rebekah lodges. Mrs. Charles Ferris, Noble Grand, conducted the meeting.

The Frank Cunningham family of Elm Tree Road, Grass Lake, had as week long visitors, Mrs. Eual Garrett and her daughter, from Fort Worth, Texas. Since Mrs. Cunningham and Mrs. Garrett are sisters who hadn't seen one another for five years, there was a good lot

of "catching up" on family news!

When it came to reminiscing and recalling memories, 1964 graduate class reunion of the Onarga Military School had a busy weekend June 9th and 10th, when the junior Ed Jahnke's of Antioch joined Ed's former classmates. Steak dinner at the Coral Lounge, and then everybody talked. Always with the good news, there must be some unhappy news. Several classmates had been killed in Vietnam and in car accidents. On Sunday, Ed and Patti visited old friends and some of his former teachers in the Onarga area. For the most part, it was a happy weekend!

Some thirty relatives and friends helped celebrate Susan Rathmann and her cousin's eight grade graduations on Sunday, June 17th, with a family pot luck dinner party at her parent's, the Ray Rathmanns, home in Oakwood Knolls.

SEQUOIT AUXILIARY V.F.W.

On June 11th the Sequoit Aux. met for the ending of another year with the old officers. Pres. Shirley White wished much luck and success to the new officers for the coming year. A donation to Downey hospital for Father's Day was given plus money for canteen books. It was decided to participate in the Chamber of Commerce Art Exhibit. A report was given of the District meeting that was held in Lake Villa.

Refreshments were served by Lillian Burnette.

TAILORING POLYESTERS

We still get an occasional call asking if knit and polyester garments can be altered. Of course, they can - with some modifications in the method of sewing. It surprises me that some people have the impression that they can't be - since the fabric shops are selling yardage by the mile, and someone sewed that garment together in the first place. But for any of you who still question - yes, we alter them constantly. With ball point needles that don't pierce the weave and special machine stitches that give with the fabric, and care in pressing. They are great fabrics to work with as well as to wear.

PM&L CONVERTS PAISLEY TO LAUGHS

If light comedy based on the difficulties of married life is your bag, you're sure to get a kick out of PM & L's production of Henry Cauley's "The Paisley Convertible."

Friday and Saturday, June 22 and 23 are the last opportunities to see this play. Curtain is at 8:30 each nite, and reservations may be made by phoning 395-9702.

Considering the script which Cauley gave them, the PM & L players have done a commendable job in putting together a production that offers some really good laughs. Between the high points and the ironic twists of fate, things actually get dull. Cauley seems too repetitious at times, and occasionally just too wordy.

That the cast is able to overcome this is to their credit. Yet, the audience was slow to warm up to the play, and the playwright cannot be all the blame. In general, the production suffers from inexperienced actors - for several this is only their first or second major role. There are only five characters in the 90 minute play, so it is quite a challenge for an actor used to lesser parts to step up to a part of this difficulty. On this basis, all five actors acquitted themselves well; though there is some uncomfortable stumbling for lines in places and some "mechanical" delivery.

The convertible in question is not an automobile but a sofa that converts to a bed, the main piece of furniture in the apartment of Charlie and Amy Rodgers, married quite suddenly.

six months before the play is set. Now Amy is beginning to wonder about Charlie's previous "experiences," and before the first act is half over Charlie has reason to question Amy on the same point. How they ultimately resolve their doubts - with the help and / or hindrance of Ralph Keppelmen, Amy's (yes, Amy's) athletic and naive former roommate; Sylvia Greer, Charlie's ex-fiancee; and Meg Tynan, Amy's "dirty Mom from San Francisco" - is the basis for the comedy.

Donna Mascari brings good expression and feeling to the role of Amy. Though sometimes not forceful enough, she comes across solidly as the worried and hurt wife.

Dick Dyer, in his first leading role, tramps about the set acting upset and confused as the husband should; however, he needs to put some greater variety into his performance to make it stronger.

If the audience has a favorite, it is Lou Jones, who plays the drawling Ralph Keppelmen to the hilt. He is very much at ease in his character, and one can sense an excitement in the air every time he comes on stage.

Lillian Allen is, undoubtedly, the most experienced actor in the cast, and she is witty and charming as the mother-in-law. The dialog between her and Ralph and her and Charlie is filled with the humor of mistaken identity. If Ms. Allen has a problem, it is over-experience - repeated use of stock expressions and movements. At

times, too, she seems to be playing more to the audience than to the other players.

Pam Hill takes on her second major role as Sylvia and handles herself quite well. Though occasionally a bit understated in her characterization, she mixes just the right degrees of sophistication and concern to make Sylvia believable.

For those who want to laugh a lot, pay attention to Ralph and Meg; they are the "humor" characters. But "Paisley Convertible" has a serious side, too, if you keep close to Charlie, Amy, and Sylvia. They have much to say about love, trust and relationships. There is a particularly touching conversation between Charlie and Sylvia about why he dropped her and married Amy. He speaks of Amy's love of the present moment, opposed to Sylvia's looking to the future, when things might be better. Sylvia was concerned about what she did with Charlie; Amy enjoyed whatever she did simply because she was with Charlie. And there is more such "meat" waiting between the "slices" of humor.

If you enjoy light-hearted bedroom comedy, by all means, see "The Paisley Convertible". But be forewarned that you are not going to be treated to a finely-honed production. You are going to see five genuine people giving their all to "separate the wheat from the chaff" of a somewhat inconsistent script, for your entertainment.

Phil Schwartz

DAVIS — BRADLEY

On Saturday, June 2 at 3:30 p.m. Miss Sandra Marie Davis, daughter of Mr. and Mrs. Floyd Davis Jr. of Antioch, became the bride of Mr. James Bradley, son of Mr. and Mrs. Fred Bradley of Antioch.

The double ring ceremony was performed by Father E. Keusal at St. Peter's Catholic Church in Antioch.

The bride's gown was a fashion of white silk chiffon and beaded French netlace. She was attended by her sisters Barbara, Sharon and Sheryl Davis and Marilyn Bradley.

The bride's flowers were white roses with orchid's in the center. The bridesmaids dresses were of dotted swiss in rainbow colors.

The groomsmen were James Davis, Floyd Davis, Thomas Hirt, and Ariel Baylen.

A reception was held in the Lindenhurst Civic Center. After a honeymoon trip to Daytona Beach, Florida, the couple now live in Lindenhurst.

GARDEN CLUB PICNIC

The Antioch Garden Club will hold their meeting Monday June 25th, 12:30 p.m. at the home of Mrs. Walter Thompson of Spring Grove. The meeting will be combined with a picnic. Mrs. Walter Thompson and Mrs. Elmer Christopherson will serve as hostesses.

SO-CI-E-TY

n.t pl. TIES. (L. *societas* fr. *socius* a companion; cf. F. *societe*. See SOCIAL) the relationship of men associated in any way to one another; companionship; fellowship; connection; participation.

Officers of the 1973 Womans Summer Golf League are: (l to r) Carol Anderson-Secretary; Kay Costoff-Vice President; Irene Hahn-Past President; and Sara Fields-President.

WOMAN'S GOLF LEAGUE

The Antioch Womans Golf League sponsored by the State Bank of Antioch held their first day of golf on June 12 because of rain the previous week. The winning teams on June 12 were Teams 3 and 5 with 5 points each. Team 3 members are: Irene Teresi, Fran La Plant, Caroline Costoff, Esther Jacob-

sen and Eunice Mueller. Team 5 members are: Nancy Berchtold, Irene Hahn and Kathy Cirone. Team No. 1 was in second place with 4½ points. Team No. 1 members are: Pearl Fowles, Eugene Nissen, Ann Dziki, Jan Burdick and Diane Walsh.

AHRWEILER

— ERICKSEN

ENGAGEMENT TOLD

Mr. and Mrs. Ernest E. Ahrweiler of Addison, Ill., announce the engagement of their daughter, Dawn, to Glen P. Erickson, son of Mr. and Mrs. Warren P. Erickson, Deep Lake Road, Antioch.

Miss Ahrweiler is currently a senior at Northern Illinois University majoring in Elementary Education.

Her fiance, a 1969 graduate of Antioch H.S., has recently graduated at Northern Illinois with a B.S.Ed. in Music Education and plans to continue work in the Master of Music program. He is a member of Phi Mu Alpha Sinfonia music fraternity and member-arranger for the N.I.U. Jazz Ensemble.

The couple plans to wed May 25, 1974.

FAMILY DAY

AT FAIRGROUNDS

4H club booths featuring a sponge toss, helium balloons, brownies, cookies, ice-cream, prizes and other games and food booths will make up the day long program for this Sunday, June 24. Everyone is invited to the benefit bonanza, which will also include over thirty horse show classes for all youth. It begins at 8:00 a.m. and runs into the evening at the Lake County Fairgrounds, Rt. 45 and 120, Grayslake.

The benefit proceeds will go toward the payment of the Lake County 4H Cooperative Extension Service building debt. The Extension Service is a non-profit education institution of the University of Illinois. It houses the county farm adviser, county home economics adviser, and county 4H-Youth adviser.

The building was constructed five years ago and is located next door to the Farm Bureau. Donation at the gate is \$1.00 per car with no charge for people who walk in. For more information, call the Extension Service at 223-5844 or 223-4844.

RANDALL M. ERICKSON

U.S. Air Force Sergeant Randall M. Erickson, son of Mr. and Mrs. Merle Erickson of 1417 Dering Lake, Lake Villa, Ill., has arrived for duty at MacDill AFB, Florida.

Sergeant Erickson, a weapons leaders, is assigned to a unit of the Tactical Air Command which provides air support for U.S. ground forces.

He was graduated in 1968 from Antioch (Ill.) High School. His wife is the former Cynthia L. Ness.

New Deductions

Cathy and Dick Mason are the proud parents of a baby girl born on Monday, June 11. Kimberly Ann tipped the scales at 6 lbs. 15 oz.

Proud grandparents are Patrolman Harold and Erna Mason of Antioch.

A third son was born to Marie and Ted Gedville of Antioch on June 14th. Steven Scott made his appearance weighing 8 lbs. 6½ oz. and was 21½" long.

David and Todd were very happy with their new brother and I'm sure the Gedville house will be a lively one.

Paternal grandparents are Mr. and Mrs. Sid Saunders of Chicago and maternal grandparents are Mr. and Mrs. Anthony Winnicki of Chicago.

MARTHA TOLL RECEIVES PETTY SCHOLARSHIP

Martha Toll, 315, Round Lake, is the recipient of the W. C. Petty Scholarship Award for the 1973-74 academic year at the College of Lake County. CLC financial aids director Sam Mazman stated that the award pays tuition and fees for two semesters. Each area high school nominated one candidate, he said.

Miss Toll is a 1973 graduate of Round Lake High School where she ranked second in her class. She was nominated for the scholarship by her senior class counselor, Howard H. Schroeder.

ANTIOCH JAYCEES INSTALL NEW OFFICERS

The Antioch Jaycees held their second annual Installation and Awards Banquet on Saturday, June 9th at Steve's Lounge at Route 173. At that time the new officers and board of directors for this year were sworn into office by outgoing president Tony Starcevic. Also, the officers of the newly formed Antioch Jaycettes were officially sworn into office. The new Antioch Jaycee officers are: Tom Bartell, President; Terry Folbrick, Internal Vice President; Bill Slater, External Vice President; Joe Ornelas, Secretary; Rick Siebert, Treasurer. The new Board of Directors consists of Tom Conroy, Fred Sturm, Tim Tierney, and Roman Vos. The Antioch Jaycettes officers for the coming year are: Jacquelyn Vos, President; Marcia Starcevic, Vice President; Pat Folbrick, Secretary; and Rita Jenkins, Treasurer.

In addition, Past President Tony Starcevic presented awards to those Jaycees who

were most active in the various Jaycee community projects during the past year. Also awards of recognition were presented to members of the community, who, while they were not members of the Jaycee organization, made significant contributions to the Antioch Jaycees during the preceding year.

GERHARD BRAUNBERGER EXHIBITOR AT AMERICAN SOCIETY OF ARTISTS

Gerhard Braunberger, Rt. 2 Box 43, Antioch, Ill., will be among the exhibitors at American Society of Artists' WATER TOWER ART & CRAFT FESTIVAL to be held Friday, June 29, (11 a.m. - 7 p.m.) and Saturday, June 30 (11 a.m. - 5 p.m.) beginning on Chicago Avenue just one-half block east of Michigan Avenue in Chicago.

Artists and craftsmen from seven states will participate in

the Festival which will have a variety of interesting exhibits. There will be paintings, sculptures, crafts (leather work, hand-crafted wooden toys, macrame, etc.), ceramics, hand-wrought jewelry, photography and even a puppet show.

Additional information may be obtained from American Society of Artists, 737 N. Michigan Avenue, Chicago, Illinois Telephone (312) 751-2500.

TWO WEEKS LEFT FOR SECOND DIVISION VEHICLES LICENSE PLATES

Only two weeks remain for owners of trucks and other second division vehicles licensed on a fiscal year basis to display new license plates, Michael J. Howlett, Secretary of State, said today.

"The statutory deadline for displaying plates for Fiscal Year 1973-1974 is midnight Saturday, June 30," Secretary Howlett said. "There is no guarantee that mail order received in Springfield at this late date can be processed and plates delivered by mail in time to meet the deadline."

Plates may be purchased over-the-counter in Springfield in the Centennial building and at Ninth street and South Grand Avenue. In Chicago, facilities are located 5301 West Lexington Street, 5401 North Elston Avenue and 9901 Dr. Martin Luther King Jr. Drive.

Second division plates for Fiscal Year 1973-1974 are blue with black numerals and lettering.

Harland family highly recommends it to every one.

Many birthdays were celebrated the last two weeks including Dolly Bobo on Saturday, June 9th. Three separate celebrations were held on June 14th as Agda Frozeth entertained her many neighbors and friends who wished her well on her 77th birthday. Many happy returns, Mrs. Frozeth.

A birthday dinner with her husband, Don, was the way Barb Bjork chose to spend her birthday on Wednesday and last but not least Betsy McKinney was sweet 16 on the 14th. Happy Birthday to all!

Carol Whitton and daughter Lorna spent three days in Ohio last week to attend the antique convention.

Barb and Don Bjork and daughters Janet and Jackie spent a long weekend camping at the Dell's, enjoying themselves between the rain drops.

Hope everyone "weathered" our hectic Saturday storms and have the debris cleaned up.

Let me know the news-Louise

FROM THE INSTITUTE FOR SAFER LIVING

For the outdoor cookout, never use a highly flammable liquid, such as gasoline, to start or improve the burning of a charcoal fire.

Those liquid charcoal starters which are moderately flammable, are acceptable but must be used with care.

Use these starters only to dampen the charcoal before lighting, says the Institute for Safer Living of the American

Mutual Insurance Companies. Never use them on live coals, hot surfaces, or a flaming fire.

The safest way to start a charcoal fire is to kindle with soft wood tinder or a solid igniter fuel.

Electric starters, approved by Underwriters Laboratories, Inc., are also an efficient and safe way to start a charcoal fire.

HOMETOWN NEWS

KRIS SHUTE RECEIVES WINGS

Kris Shute, who is the son of Mr. and Mrs. William Shute, graduated from the U.S. Army Aviation School, in Fort Rucker, Alabama, on June 5th. He graduated on the Commandant's List and has now received his wings. Kris has been in the service since May 8, 1972 and is now serving as a Warrant Officer.

Kim Shute is also in the Army, and is a Private, 1st

Class. She is presently stationed in Washington D.C. and is working in the Deputy Chief of Staff's Office in the Operation and Plans Division as the Acting Administrator N.C.O.

A second daughter, Kerry Shute, is a 1973 graduate of Antioch's High School and is presently employed as a life guard at Vacation Village. She will be entering Northern Illinois University in DeKalb in the Fall.

DEBRA CHANDLER CADO RECEIVES DEGREE

Debra Chandler Cado of 1048 Bishop St., Antioch, Illinois, received a Bachelor of Arts degree from Northwestern University in commencement exercises held today (June 16). More than 3,500 degrees, diplomas and certificates were conferred by Northwestern Chancellor J. Roscoe Miller at the 115th annual commencement, held at McGaw Memorial Hall in Evanston.

Northwestern, with campuses in Evanston and Chicago, is the only private university in the Big Ten and is made up of 11 undergraduate, graduate and professional schools: School of Education, School of Journalism, School of Music, School of Speech, College of Arts and

Twenty students from the Antioch, Lake Villa, and Lindenhurst area were on Carmel High School's Second Semester Honor roll. Fourteen of the students were from Carmel High School for Boys, and six were from Carmel High School for Girls.

The student's were:
CARMEL HIGH SCHOOL FOR GIRLS

B Honors—Lake Villa—Valerie Grelecki, 12; Debra Szczesniak, 12; Mary Chris Wolff, 12; Mary Therese Wolff, 10; Georganna Kovanda, 9; Mary Clare Wolff, 9.

OAKLAND FUEL OIL PROBLEM RESOLVED

The Grade School Board was faced with an unusual problem at last Tuesday night's meeting, June 12th. The problem concerned the Oakland Grade School and the type of fuel they would use to heat their school next year. The present supplier, Mr. Tewes, had notified the Board that after June 30, 1973, he would no longer be able to obtain the No. 5 fuel oil that the school operated on in the past.

This left the Board with two alternatives. First of all, they could convert Oakland's system to No. 2 oil, which is a lighter oil. However, this would mean converting the present No. 5 oil burner and would cost the school approximately \$300. The school would also need another tank to hold the No. 2 oil, which would cost approximately \$3,000. The No. 2 oil is quoted at 22.8¢ a gallon, compared with 15.3¢ per gallon of No. 5 oil for next year.

The total cost of converting to the No. 2 oil would be approximately \$10,340, including cost of the oil, the new tank, installation cost, and the conversion of the old burners.

However, there is a time element involved that gives this solution less weight. The school would be lucky to get the new tank installed within the next 90 days. According to Sam Kohn, who is Business Manager of the Grade Schools, even if they were able to get the tank installed within 90 days it would still be too close for comfort as the cold weather would undoubtedly already be on its way.

Mr. Kohn then suggested another alternative to the Board and that would be to go ahead and purchase the fuel that would be needed for the 73-74 school term before June 30th.

approximately 36,000-40,000 gallons of No. 5 would be needed, depending on how cold the winter is. The supplier reassured them that this would be possible.

If the fuel is bought in advance for the year, the school would have to find some place to store it.

Mr. Kohn researched the problem and came up with several solutions. He told the Board that the suppliers, Mr. Tewes, had agreed to rent them a tank to store half the oil for \$500 a year. Antioch High School has agreed to let the grade school store another portion of the oil in a No. 5 tank that is not currently in operation. The remaining portion of the oil will be stored at the Antioch Grade School on Main Street.

The supplier has agreed to send a tank in when it is needed to transfer the oil from the various storage places to the Oakland Grade School. This will have to be done about six times. The cost of the transfers will amount to about \$450. The total cost of buying the No. 5 fuel in the large quantity would amount to \$7,250.

This second alternative, which is approximately \$3,090 cheaper than the first and would definitely assure heat for the Oakland School this winter was accepted by the board.

ECKANKAR — THE SCIENCE OF TOTAL AWARENESS

Do you sometimes wonder why we exist? Do you wonder what life is all about? Are you looking for a way to ease your problems?

Eckankar, the science of total awareness, is an ancient spiritual teaching based on the principle that all creation is finished and that the origin of all things is within man.

Eckists maintain that this teaching is the oldest path to God-realization—the ability to be with God. It has nothing to do with psychic phenomena, ESP, astral travel, table-tipping, fortune telling, yoga, use of drugs or hypnosis. It is only a path to God via soul travel.

Soul travel is the art of shifting one's attention away from the material worlds into the worlds of true beingness beyond energy, matter, space, and time. Through the spiritual exercises of Eck and the inner guidance of the Living Eck Master, one proves through his own experiences, existence beyond the physical body and begins his journey back to Sugmad, the source from whence he came. This breaks his cycle of karma and reincarnation and finally leads him into the God-realized state.

He achieves the state of total liberation, total freedom, and total awareness. He is said to be in this world but not of it.

Through the ancient science of soul travel, he has learned to discover for himself the secrets of existence and has answered for himself the questions about life.

An introductory lecture will be given on Eckankar at the College of Lake County on Thursday, June 28, at 8:00 p.m. It is free of charge and open to the public. There is no obligation.

by: Tork Torkelson

SUSPENSIONS, RIDE AND HANDLING

The suspension systems of all Ford, Mercury and Lincoln cars are precisely engineered - custom-designed to each individual car, to provide that particular model with the most durable and smoothest ride for the car's balance, footing, and distribution of weight.

As you might suspect, each car size, and each individual car, demands its own special suspension engineering. And that's why there's a difference in the types and dimensions of springs, the sizes and specifications of shock absorbers, the use of stabilizer bars, and the hardware that attaches the suspension system to car body, chassis and drive train.

NELLIE SUGGS OUTSTANDING EDUCATOR

Nellie Suggs, College of Lake County Outreach Center director, has been selected as an Outstanding Educator of America for 1973. Consideration for selection included an individual's achievements in his particular field, service to academic and non-academic communities and previous professional or civic recognition. Mrs. Suggs was nominated through the college community relations office and selected by the OE&A national organization in Washington, D.C. She has been with CLC since 1971.

WOZNIAK CHAIRMAN OF SPECIAL COMMITTEE

Robert T. Wozniak has been appointed chairman of a special committee of the Lake County Life Underwriters Association to spearhead the formation of local classes in The Life Underwriter Training Council's course of life and disability income insurance sales training.

The appointment was announced by James Walsh, District Sales Manager of the Metropolitan Life Insurance Agency in Waukegan, who is president of the association.

YOUNG IDEAS 4-H CLUB OF ANTIOCH

A very enjoyable evening was spent by the Young Ideas 4-H Club of Antioch at their annual achievement night Monday at the Millburn Church.

Mrs. Esther Hamlin and Mrs. Barbara Miller of the Lake Region Homemakers Unit were gracious enough to judge the sewing projects. Also Mrs. Sue Vander Meer and Mrs. Peggy Van Patten of Pillsbury Bake-off fame judged the baked goods. Mrs. Van Patten gave the girls much encouragement and hope when she revealed her

past experiences of the recent bake-off contest with the girls. Kathy Myers of the Millburn Maidens 4-H club judged the knitting and Janet Schoezel judged the Arts & Crafts projects.

Project demonstrations were given by Jean Schoezel on "You and Your Clothes," and Judy Schoezel on wood working. Dolana Arion on gardening and Cheri Matteoni on Clothing.

Refreshments were served at the conclusion of the meeting.

STEP INTO THE PAST

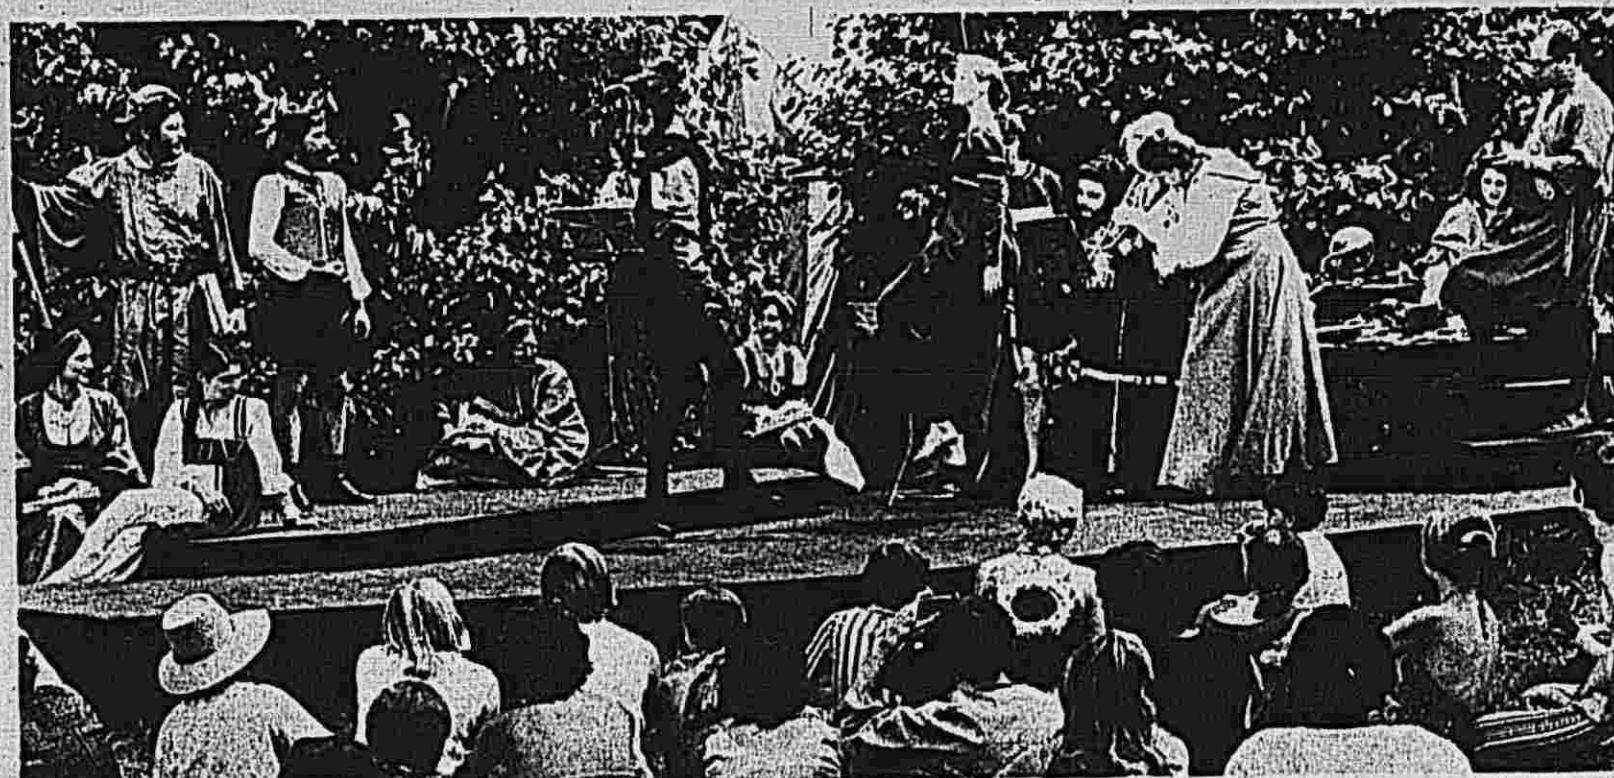

"Hear ye! Hear ye! My lords and ladies! At 1:30 on the Royal Stage, 'the Old Town Renaissance Consort will present a program of song and dance for your pleasure!" The town crier moved through the forest, delivering his message to all those gathered there bustling about the merchants' booths. A scene out of the 16th Century, recreated these past two weekends (and next) in a heavily wooded grove six miles

east of Antioch.

The 1973 Chicago Renaissance Faire, a presentation of the Midwest Art League, is a unique, mind-expanding, almost other-wordly experience. Having left automobile behind, as the forest closes around you, the feeling is one of passing through a time machine. You are practically removed from the 20th Century, and find yourself surrounded by Renaissance-garbed individuals, sing-

ing craftsmen hawking their wares, strolling minstrels and mimes - in short, living history.

It must literally be experienced to be appreciated. Take Route 173 east, this weekend, to Hunt Club Road, then north, following the signs. Besides the arts and crafts, there is food, entertainment, and various demonstrations. The \$3.00 admission is worthwhile, if you would enjoy walking into the past.

Survivors are her son, Benedict, of Chicago, 4 grandchildren, 14 great-grandchildren.

A memorial Mass will be held at St. Peter's Church on June 29th in Antioch at 8 p.m. Contributions may be sent to the Antioch Rescue Squad.

"Hindsight's Better Than Foresight"

by: Rev. Eugene Keusal

Gossip in Moral Theology would usually fall under what is called detraction - relaying a true fact that is injurious to the reputation of another person. Detraction is evil because it is the destruction of an individual's reputation.

There is, however, a worse form of gossip. This is called calumny. This is relaying a false fact, a lie about an individual. It seems impossible that a human being created in the image and likeness of God would stoop so low as to lie about another person created in the same image and likeness of God to deliberately ruin his reputation.

Calumny does go on. For example: "Did you hear about 'so & so' being in Milwaukee with a blonde?" The poor man has never even been in Milwaukee, let alone unfaithful but falls victim to the vicious calumny is a destructive force. But like acid it does more harm to the vessel in which it is contained than the poor victim against whom it is aimed. The victim is subject to the calumny only on the exterior but the gossip, filled with obvious hatred, is hindered from becoming the magnificent human being intended by God.

IN MEMORIAM

In memory of Joseph H. Ring Who passed away June 21, 1971

The years may wipe out many things,

But this they wipe out never,

The memory of those happy days,

When we were all together.

Missed by all

Mom, Dad, Tom, Mary, Pat, Jane, John, Martha, Mike, Teresa, Loretta, Rose, Mark, Matt and Bill

Christian Science

In St. Matthew 15 we read how Jesus healed the lame, blind, dumb, maimed, and many others.

In the Lesson-Sermon entitled "Is the Universe, Including man, Evolved by Atomic Force?" this Sunday at First Church of Christ, Scientist this citation from Science and Health with Key to the Scriptures by Mary Baker Eddy will be read: "Jesus established his church and maintained his mission" on a spiritual foundation of Christ-healing. He taught his followers that his religion had a divine Principle, which would cast out error and heal both the sick and the sinning. He claimed no intelligence, action, nor life separate from God."

Services at First Church of Christ, Scientist; BEACON HILL, Route 173 & Harden, Antioch, Illinois begin at 11 a.m. Everyone is invited to attend.

THANK YOU

A NOTE OF APPRECIATION

The family of Jim Dorsey would like to thank all the following people for all they have done to help us in our time of need.

The Antioch Clinic, Lake Villa Rescue Squad, Waukegan Telephone Operator, the priests and sisters of Immaculate Conception, long-time friends and neighbors, relatives, Woodland School personnel and Mr. and Mrs. Ed. Strang.

Although you could not bring Daddy back to us, your reassuring words of comfort have given us added strength. God bless.

Sincerely
Mrs. Jim Dorsey,
Sharon and Sheila

We extend our sincere thanks to all the friends who made our Golden Wedding Anniversary so delightful and rewarding.

It seems impossible for us to acknowledge individually all the greetings, phone calls, and personal visits; hence, this general thank you.

Affectionately,
Mr. and Mrs. W. C. Petty

51-c

THANK YOU

Many thanks to everyone who remembered me and sent cards during my recent stay in the hospital. Also, a special thanks to Suzie Baby and family.

Ken Rentner

With a Stern Eye

Inasmuch as only .046% of Lake County's population (i.e., less than 1474 out of a possible 382,638), voted in the recent Advisory Referendum held at the County Building during Lake County Government Week we can hardly look upon the results as a mandate. And a more thorough search of the record would turn up the fact that about 60% of that 174 are county employees. Whether that fact would cloud the results I must leave to your individual judgments.

We discover at the outset, that nearly half of those voting were over 46 years of age; I felt, that this was an unfortunate choice of cut-off age. The idea that all those over 46 became senior citizens in the referendum statistics was an infinitely depressing one. I am 47.

While the voters were well divided among the five County Board districts, a slight advantage (35%) accrued to District 3.

Question No. 1: Shall cats, as well as dogs, be required to undergo annual inoculation against rabies? YES, declared 85% Good Grief, no, said 14% and I among them. The logistics of transporting our three highly independent cats to the site of inoculation boggle the mind.

The questions about consolidating elections were answered with resounding ayes, a fact which warmed me. Approximately 75% punched for YES. There is currently legislation pending which would permit the County Board members to choose to include their own election with the national Primary and General Elections in 1974, rather than holding four separate ones as we did in 1972. We in the County Clerk's office pray for its passage, and for the subsequent wisdom of our own Board to insure its implementation. The contrary view is a very difficult one for me to understand.

There were six questions which asked whether the County officers (Auditor, County Clerk, Coroner, Recorder, Sheriff and Treasurer) should continue to be elected by the public or alternatively, if they should be appointed by the County Board. This proposal has had a pretty good airing lately—and the County Board voted last week NOT to put the matter before the public on the November 1974 ballot. If the Advisory Referendum results are an indication (an here in particular, weigh the loaded participation described in Paragraph No. 1), our voters are most antagonistic to the idea of appointed the Sheriff. 87% said NO! 85% said the County Clerk should continue to be elected; 84% said the same of the Treasurer. Regarding the Auditor, the Coroner and the Recorder, the voters continued to oppose the idea of appointment, but with somewhat less

vehementness (78%, 73% and 77% respectively.)

63% voted to retain Township government. Or does it tilt the statistic to say that 37% voted to abolish it?

A multiple choice question dealing with the preferred use of Revenue Sharing Funds, elicited a strong preference for those projects favoring senior citizens (ah there, 46 and over!) Running first was "Attention to the Problems of the Aged and Poor", followed closely by "Housing for Senior Citizens". The subject which elicited the least interest was "Construction of additional jail facilities." Perhaps the public is weary of trying to solve problems by locking people up. Or perhaps the referendum voters knew that the County Board was about to earmark the vast bulk of its Revenue Sharing funds for Law and Order projects. In any case, we greybeards won the day.

The voters were pleased with the idea of using Highway funds for Mass Transit, though not

euphoric. They voted 96 to 70 to do so.

73% believe that the local governments in Lake County are not taking adequate steps to control environmental pollution.

The final page of the ballot booklet dealt with the Forest Preserve and asked the voter to indicate his preference for keeping the sites "in their natural state for wildlife refuges, nature study and scenic enjoyment" as opposed to developing them for "swimming, campgrounds, marinas, golf courses, tennis courts etc." 41% voted for Mother Nature as we find her while 63% voted for the more intense recreational development.

I suppose you're going to ask me how come that adds up to more than 100%. Well, I'll tell you. The County Government Week Committee didn't list those as alternatives, simply as viewpoints to support or oppose. As a result many people voted for both development and non-development.

AMERICAN PARTY CLUB

"Coup d'Etat—Country by Country" will be the subject discussed by George E. Hiscott IV of Highland Park, at the June 23rd meeting of the American Party Club of Lake County in the Jones Island Park Building, 243 Harvey Avenue, Grayslake. The meeting, which will begin promptly at 8:00 p.m., is open to the public.

Mr. Hiscott, an intelligence operative, who had experience with the O.S.S. and the O.N.I., and who speaks about the C.I.A., has made a detailed study of the subject of "Coup d'Etat". He will explain what a coup is, how it is planned, and brought about. He will also reveal that there are more Coup d'Etat than popular elections throughout the world, and will try to answer the frightening question, "Will America be next"?

LITTLE LEAGUE IS IN FULL SWING

Little League has been a summer past-time in Antioch for some 20 years or more and each year it seems to get bigger and better. This summer some 400 boys, not to mention approximately 100 parents are actively engaged in the Little League program.

The teams are broken down into three main categories. There is the Minor League for boys 8-12. 192 boys are in the League and there are 12 teams with 16 boys on each.

120 boys ages 9 thru 12 make up the 8 Little League teams. The Babe Ruth League has 6 teams with 15 boys on each. This group is for boys between the ages of 13 and 15.

Mr. Richard Kessler, president of the Little League, commented that this has been one of the best seasons as far as the balance is concerned. The teams seem to be pretty equally divided.

The boys involved in Little League help to support this organization. If they are in Minor or Little League they pay \$6 for the season and if they are in Babe Ruth they pay \$8; large families receive a special rate. These very reasonable charges would not be possible if the local businesses did not pitch in and supply the uniforms and equipment.

According to Mr. Kessler, the sponsors have really been wonderful, and have always contributed to the teams every need. The local school boards are extremely generous too. They let the Little League use their facilities and thus have allowed the baseball program to grow to the size that it has.

The Antioch Little League belongs to the National Little League Organization of Williamsport, Penn., and is only allowed to play in their own league. At the end of the season, which is July 20th for the Minor and Little Leagues, and the end of July for Babe Ruth, they will enter the National Little League Tournament.

Three years ago the Antioch All Star Team made it to the semi-finals of the area finals. They were able to beat Morton Grove and Skokie, but they lost to Wauconda.

Until the end of the season the teams will continue to play two games a week. The Minor League teams play on Wednes-

Little League games offer quite a bit of action for spectators and, of course, players. Much of it centers on home plate, where home run hitters receive a hero's welcome and sliding runners challenge the catcher. (Staff Photo)

day and Saturday, Little League on Monday and Tuesday, and Babe Ruth on Thursday and Friday.

This is the first year Mr. Kessler has been president of the organization, although he was part of the program for the past 7 or 8 years, beginning with his work in the Minor League. He is backed up by Phil Lindberg, Vice President in charge of Babe Ruth, by Bernie

Gutowski, Secretary who has been involved in the program for the past 9 years, and by Jack Fields, Treasurer who has been involved for the past three years.

The young boys of Antioch have enjoyed Little League for many years now, and it must be a warm and glowing feeling that is felt deep in the heart of the many, many people who make it possible.

REGISTER NOW FOR BOYS FOOTBALL

Registration for Antioch Vikings boys football will be held on June 30 and July 14 from 8 a.m. to 12 Noon at the Antioch

Scout House on Main St. Boys must weight 80 lbs. or over, still attend grade school and not be 15 before Sept. 1. There is a \$5.00 registration fee. Practice begins August 13. Time 5:45 p.m. Highschool Football Field.

This is the third year Antioch will be entered in the Northern Illinois Junior Tackle Football League. The league is comprised of 14 teams in Northeastern Illinois. It is divided into two divisions, with a championship

play off for the league title after divisional play. Each team has 2 squads, Lightweights weighing up to 110 lbs. and Heavyweights 110 and over.

Antioch Lightweights won the Third Place trophy in their division last year. The Heavyweight team also gave a very good showing.

DUCK BLIND DRAWINGS ARE OPEN TO THE PUBLIC

Annual public drawings and re-registration for duck blind sites on state properties, and for blinds on federal properties, will be held during June, July and August.

Those desiring blinds should register between 10 a.m. and 2 p.m., and must be present during the drawings which will begin at 2 p.m. All registrants must be at least 16 years old and have in their possession a 1972 or 1973 hunting license and a 1972 or 1973 duck stamp. No stamp will be required at the Sanganois or Mermet drawings, however.

Date and location for the local annual drawing is: Grass Lake-July 29 at Chain O'Lakes State Park, north of the village of Fox Lake and west of Grass Lake in Lake County.

Antioch vs Waukegan

On June 13, Waukegan made Antioch's losing streak three games by beating them 8-7.

Antioch scored in the first inning on a home run to center field by Tim Mieure, the first of the season for Antioch.

Waukegan came back in their half of the first by getting on base by two errors followed by three singles, one double, and one triple, all of which accounted for 7 runs.

Antioch overcame the six run deficit by scoring 5 runs in the fourth and one run in the fifth. In the fourth, Scott Vazquez led off by reaching first base on the shortstop's error, and advanced to second on a single by Frank Pleviak. A passed ball advanced Vasquez and Pleviak to third and second respectively and Rick Sedar's triple scored both of them. Tim Mieure then got an infield hit to score Sedar. Fred Popp walked and advanced Mieure to second. One out later, Ed Weitz grounded to the second baseman to force Popp, but beat out the throw to first. With Mieure on third and Weitz on first, Tom Underhill singled to center to score Mieure, and a bad throw from the center fielder scored Weitz.

Antioch got their last run in the fifth when Tim Mieure singled, went to second on Fred Popp's sacrifice bunt, and scored on Tom Poornich's double.

A walk, a single, and a double scored Waukegan's final run. The game was called on account of darkness.

Every time Antioch has scored in the first inning, they have lost. Tim Mieure realized this, after his home run he commented, "we should stop scoring in the first."

SPORTS

REIMER WINS FEATURES — HARRIS SETS RECORD

Johnny Reimer, Caladonia won the 30 lap IRA super modified feature race in Lake Geneva, Sunday June 17, after taking the lead from Larry Ninneman, Milwaukee on the 25th lap.

Whitey Harris, Lake Villa set a sensational one lap track qualifying record in time trials with a time of 15.81 seconds. His efforts, as well as those of four other drivers who lowered the old record, was helped by the new surface on the quarter mile asphalt oval.

Others below the old record set by Denny McKay, Carpentersville, Illinois in June of last year at 16.57 were Roger Otto, Burlington, 15.99; Johnny Reimer, 16.06; Jim Bozeman, Waukegan, 16.29; and Ron Marish, Milwaukee, 16.39.

Others in the feature behind Ninneman were Harris third, Otto, fourth; and Roger Iles, Waukegan, fifth. Rounding out the top ten were Ron Bergsma, Richmond; Gary Schlafer,

Milwaukee; Pop Kline, Genoa City; Don Sorce, West Allis and Carmen Menzardo, Antioch.

It was the first IRA feature win for Reimer who won 19 features in 1972 in winning the IRA Championship. Harris held the old Wilmot track record at 16.98 set in 1968 at the first IRA race.

The semi-feature race was won by Bill Repsold, Spring Grove over Ken Monroe, Pell Lake and Jim Moulis, Antioch.

Heat race wins were scored by Dennis Roslansky, Racine; Reimer; Otto and Sorce.

Larry Hicks, Lake Geneva established a new qualifying record for the Sportsman stock cars at 18.31 and won a four lap four car Dash.

The sportsman feature race was won by Chuck Grimms, Island Lake. Roger Ninan, Delevan won the semi and a heat race. Others were won Joe Greske, Franklin and Joe Francisco.

WILMOT IMPROVEMENTS TESTED ONLY BY RAIN

The many improvements made to the new one third mile Kenosha County Speedway in Wilmot since its opening night on Saturday, June 9, will have to wait another week before being tested under racing conditions. Storm, high winds and heavy rains cancelled the races there Saturday night June 16. An extra distance feature race has been scheduled for Saturday night June 23.

On opening night, the track developed deep ruts and was too dusty to complete the semi-feature race with adding water.

The opening night race feature was won by Jim Moulis, Antioch who then still leads the Wilmot IRA modified standings. Roger Otto, Burlington, is the overall IRA track point leader and Whitey Harris, Lake Villa, leads the Lake Geneva Raceway point standings.

Special Holiday race dates

have been announced for IRA and they include a second extra distance race at Wilmot on Saturday June 30; An afternoon

July 4th race at the Grundy County Speedway in Morris, Illinois and a Hales Corners Speedway modified return race on Friday July 6. In addition, some of the IRA super modifieds will race in a special modified VS late model race at the Capital Speedway on Monday night July 2. This is non-sanctioned IRA race and is invitation for the modifieds. The IRA Sportsman stock cars will race on Tuesday night July 3 at Wilmot in an all area Sportsman stock car race. A special Trophy race will be held for Sportsman stock car representatives from other tracks. Also a special 10 car 10 lap heat race will be held in which the Sportsman stock cars will be driven by IRA modified drivers.

EIGHTY—SEVEN COUNTIES OPEN TO SHOTGUN DEER HUNTERS

Eighty-seven counties will be open to 55,500 Illinois shotgun hunters during the 1973 deer season. All 102 counties will be open to hunters wishing to take deer with bow and arrow.

The shotgun season will be Nov. 16, 17 and 18, and Dec. 7, 8 and 9. The bow season will run from Oct. 1 through Nov. 11, Nov. 19 through Dec. 2, and Dec. 10 through Dec. 31 in the 87 counties open to shotgun hunting. The season will run from Oct. 1 through Dec. 31 in the other counties.

Applications for shotgun deer hunting permits will not be accepted earlier than June 25. No more than six applications may be submitted in one envelope. Landowner permits

and bow hunting applications are being accepted now.

There are 13,100 permits in Northern Illinois; 17,500 permits in Central Illinois; and 24,900 permits in Southern Illinois.

Hunters wishing to apply for

LAKE COUNTY RIFLES OPEN PRACTICE

More than eight tons of football players led by two former University of Illinois stars thundered across the practice field Tuesday night (June 19) when the Lake County Rifles opened practice at Carmel Field in Mundelein.

Coach Bob Franz said he expects some 80 players weighing an average minimum of 200 pounds to report for the practice.

The Rifles will practice Tuesday, Thursday and Friday nights and on Saturday morning

for the first three weeks, said Franz. He added that he expects everybody trying out for the team to be in good physical shape.

Among those who have signed contracts are Joe Wolfe, a tackle and all-league performer in the Central States Football League who is the last remaining active professional player from the University of Illinois Rose Bowl team.

A Rifles rookie from the Chicago campus of the University of Illinois is Darit H.

Lindgren, a center. He was captain of his team for two successive years and voted its most valuable offensive lineman.

Lindgren who presently lives in Wheeling won all-state and all-city honors when performing as a center and tackle at Senn high school in Chicago.

Veterans returning to the Rifles squad include speedster Ted Williams, now a resident of Zion, who won honorable mention little all-American when at Adams State College in Colorado. His outstanding performance was 1971 when he scored five touchdowns against Western State.

Other returning veterans are Bruce Hart of Mundelein, a defensive back who played in the Stagg Bowl when at Samford College and Kurt Kampendahl, of Wauconda a tackle from Eureka College.

A rookie given an excellent chance of making the squad is Larry Ball of Chicago. At Arkansas A & M he was the leading pass receiver and was his team's leading scorer when he won all-state and all-star honors at Chicago's Farragut high school.

FIRST WIN FOR TOM JONES

Northbrook's Tom Jones buzzed to his first feature win of the year in his new Camaro Sunday night at the Waukegan Speedway. Jones took the lead on the 7th lap and was never pressed during the remainder of the 30 lap event.

Saturday night's "Sportsman" races were rained out following heavy rains during the day. There was some damage at the track, but everything was ready for Sunday's super stock card which attracted a large entry field.

Ed Hoffman of Niles passed Rich Kleich of Chicago with two laps to go in the feature and finished second with Kleich third followed by Lee Schuler of Lockport, Dave Evans of Crystal Lake, Musgrave and Dick Beinlich of Prairie View. Bob Roper of Chicago, last Sunday's winner and record setter, finished 15th after a flat tire early in the race.

Dennis Johnson of Arlington Heights won the special consolation necessary for the large field of cars. He then finished 9th in the main. Roger Hacke of Waukegan, Roy Acuff of Chicago and Roper won the late model heats with Hoffman taking the dash in the final lap.

Roper saw his one-lap track record of :14.26 set last Sunday lowered twice in the preliminaries with first Jones (:14.23); and then Hoffman with a :14.19 lap going into the record books.

Musgrave took the feature leads after one lap and had a nice margin when five cars piled-up in the first turn during the 4th lap calling for the only red flag of the night. Jones had moved up to second on 5th lap and whistled by Musgrave two laps later. Jones' new Camaro

features the 180 degree exhaust which plays its own distinctive tune.

In a special roll-over exhibition, both Skip Don and "Evil" Emil Ladewig flipped in the same car at the same time and later Red Hacker took his hobby stock and did a complete flip off the ramp following a poor finish in the feature race. Jack Hemmings of North Chicago won two races.

EXPLORERS TO HOLD SAFE DRIVING ROAD RALLY

With all the adverse news today about auto racing and speeding on the highways, the Explorers are taking the leadership in promoting safe driving.

The Northeast Illinois Council Exploring Division, B.S.A., in cooperation with the Lincoln Mercury Division of Ford Motor Company, Lindsborg Lincoln Mercury of Libertyville and Copper Piconne Lincoln Mercury of Waukegan, will sponsor a safe driving road rally Sunday, June 24, at 1:00 p.m. The road rally, which is not a race but a test of good driving, makes a fine art of following an unhearsed route on schedule. Stress is placed on safe driving and the ability to follow maps and directions.

The 100 mile course will wind

through Lake County. The rally will be conducted with the highest regard for safe driving, strict compliance with traffic laws and geared to speeds well within legal limits.

Assisting the road rally will be various law enforcement agencies of the villages and towns along the route. Participants will be vying for trophies and an opportunity to participate in the Grand National Safe Driving Road Rally to be held September 20-22 in Detroit, Michigan. To qualify each rally car and driver must attend a briefing and pass a safety inspection.

The Explorers is a co-educational career and outdoor activity oriented program for young people 14-21.
